

Inverness Airport Car Parking FAQs

Pricing and Payment How much is parking at Inverness Airport?

There are different rates available depending on whether you pre-book or pay when you park. During peak travel times we would recommend pre-booking for the Long Stay car park to ensure a space as this is the only car park you can receive Long Stay rates and during peak times there are a limited number of spaces available for those who have not booked. The longer you book in the advance the more you save.

How do I pay at the car park if I haven't pre-booked?

Our car parks have pay-on-foot machines located outside the front of the terminal building. We have one pay-on-foot machine immediately outside the terminal building which takes both cash and card. Alternatively, you can pay by debit or credit card at the other pay-on-foot machine and the exit barriers.

Can I cancel my booking?

All bookings are flexible for amendments or cancellation before the start of your booking. You can cancel or change your car park booking by logging in to the Manage My Booking page up to 24 hours before your time of arrival. If you need to cancel or amend your booking within 24 hours of the booking start time, then please call our Information Desk team on 01667464000. Once a booking has been opened, they are no longer amendable and cannot be part-refunded.

How long should I allow to get to the terminal if parking in Long Stay?

You should allow approximately 15 minutes to walk from the Long Stay car park to the terminal.

How do the car park barriers work?

Our car parks have automatic number plate recognition. Simply pull up to the entry or exit barrier and wait a few seconds for the system to analyse your registration number. If

the barrier does not lift for you then please press the assistance buzzer and a member of the Information Desk team will be able to assist you. If you have pre-booked and are parked within the correct facility, then the barrier will lift automatically for you on exit. If you have not pre-booked, then you can pay at the pay-on-foot machines by entering your registration number or pay at the barriers to exit.

Where are the Blue Badge parking spaces?

Inverness Airport has Blue Badge parking bays available within the Premium and Accessible car park immediately in front of the terminal building. Blue Badge holders requiring to park on a long stay basis may do so in this car park where the long stay charges will apply. This will need to be validated by scanning your blue badge at the exit barrier. It is also possible to pre-book your blue badge accessible parking within this car park.

Can I get special assistance from the car parks?

Yes, designated call points are available in the premium and accessible car park for any assistance required. These call points will give you direct contact to the Information Desk team within the terminal building who will be happy to arrange assistance for you.

What do I do if my plane is delayed or I need to extend my car park booking?

The booking will automatically extend, and you will be charged the extra fee on exit.
